

SNEEZE GUARD PRODUCTS

& INSTALLATION GUIDE

**BACK TO
WORK**

LET'S STICK TOGETHER

Dear Valued Würth Canada Customer,

Across the country, all provinces and territories are slowly easing into their 'Back to Work' plans, and getting us all accustomed to our 'new normal' life.

As excited as we are here at Würth to get back to work - we also understand that a lot has changed. With many new safety measures and social distancing procedures having been put into place in various parts of the country, we realize this may change the way we have to work with our customers.

In this brochure, we present to you our product offerings for 'Sneeze Guards & Complimentary Installation Products'. Würth Canada has always offered PPE and Safety Solutions, however we now offer even more for you to set up your business for success, and help customers and staff alike keep a safe social distance. From Sneeze Guard solutions to installation and assembly aid products. All you'll need can be found within this guide.

We look forward to continuing to offer you a world-class sales experience that you have come to know and trust from Würth Canada.

STAY SAFE!

LET'S STICK TOGETHER

Sneeze Guard Roller Blind

997.865646 • 1200 x 70 x 1800 mm

Transparent barrier against droplet infections.

- Thin, crystal-clear material
- Dirt- and scratch-resistant
- Pre-mounted on mounting rail
- Side pulley (can be mounted either on the right or on the left)
- UV-resistant and 100% recyclable
- Infinitely adjustable
- For a neat and professional image in offices and workstations

Bonding & Sealing

LET'S STICK TOGETHER

KLEBFIX Instant Glue Easypen

893.090030 • 30 mL

Quickly glues almost any combination of metal, plastic, rubber and wood. One-hand application possible without problem. The adhesive can be measured precisely. The nozzle does not become clogged. Joined parts can be further processed immediately. Simple designs are possible without additional attaching parts. High curing temperatures are usually not necessary. Outstanding suitability for quick repairs.

KLEBFIX Super Glue Instant Glue Twist Cap

893.09...

For extremely fast connection of any combination of rubber, plastic and metal parts to one another.

KLEBFIX Flex Black

893.092 • 20 g

Tough and flexible black cyanoacrylate with excellent thermal stability.

HIGH IMPACT
& peel resistant

INCREASED
MOISTURE
RESISTANCE

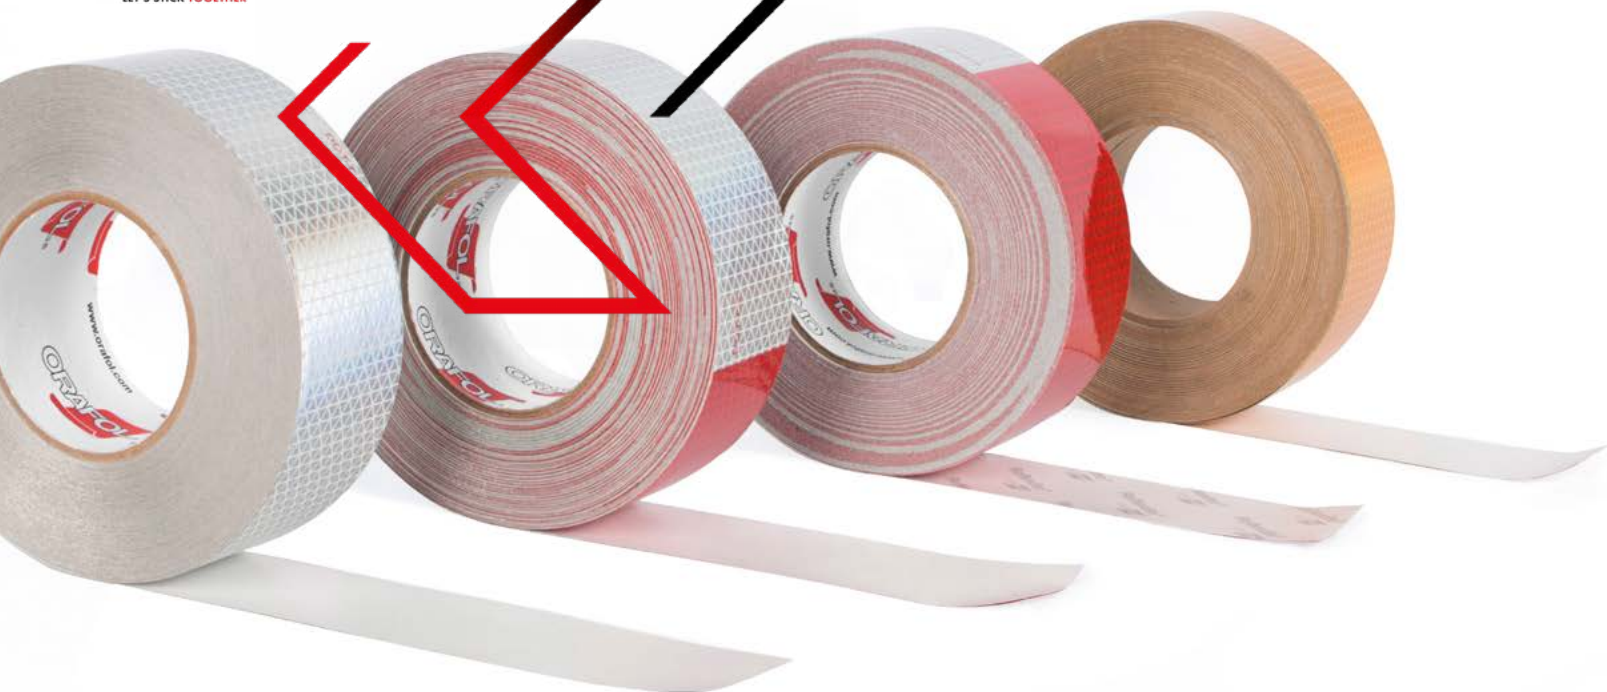

For the adhesion of metal, plastic, and rubber parts with and to each other.

Plastobond

893.091 • 20 g

For bonding of difficult plastic materials, such as PA, PBT, PET, PI, POM, TPE, TPO, filled elastomers and natural rubber.

Conspicuity Tape

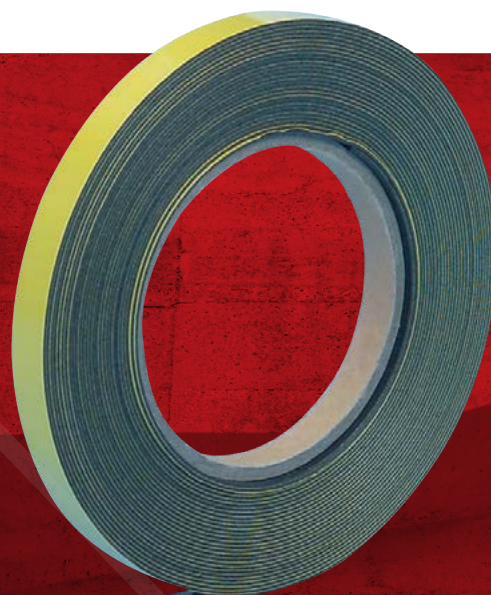

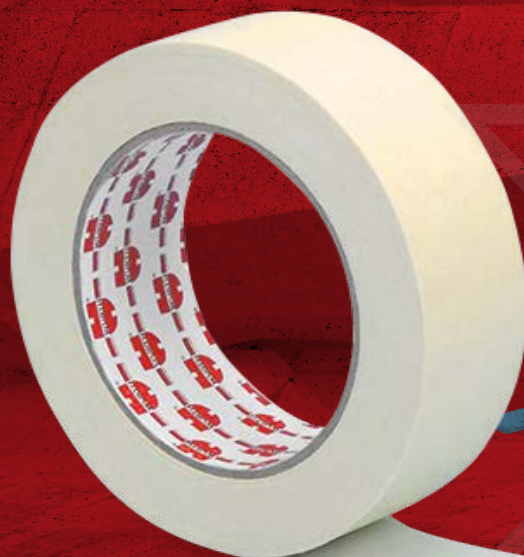

894.44...    

Powerful protection against collisions. Highly visible retro-reflective tape for trucks, trailers, etc. Proven to reduce night-time accidents involving trucks by up to 21%, and day time accidents up to 16% (Vector Study 1985)

Masking Tape

992.00...

Paper masking tape for general masking applications. Very good adhesion on smooth and painted surfaces. Moisture and solvent resistant

Side Moulding Tape

894.910...

High strength double-sided adhesive tape with polyethylene carrier and acrylate adhesive.

Contact Spray

890.100 • 223 g

Corrects and prevents disruption to and failure of the vehicle electrical systems caused by moisture. Stops and avoids any faults in the ignition and electrical system caused by dampness, ex: ignition coils, distributors, spark plug cables, connectors, etc.

LET'S STICK TOGETHER

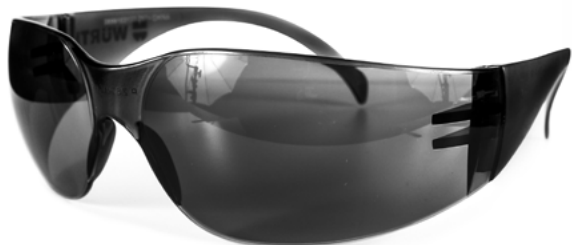

Trendus Safety Glasses

899.10313...

Economical lightweight safety glasses that offer superior protection

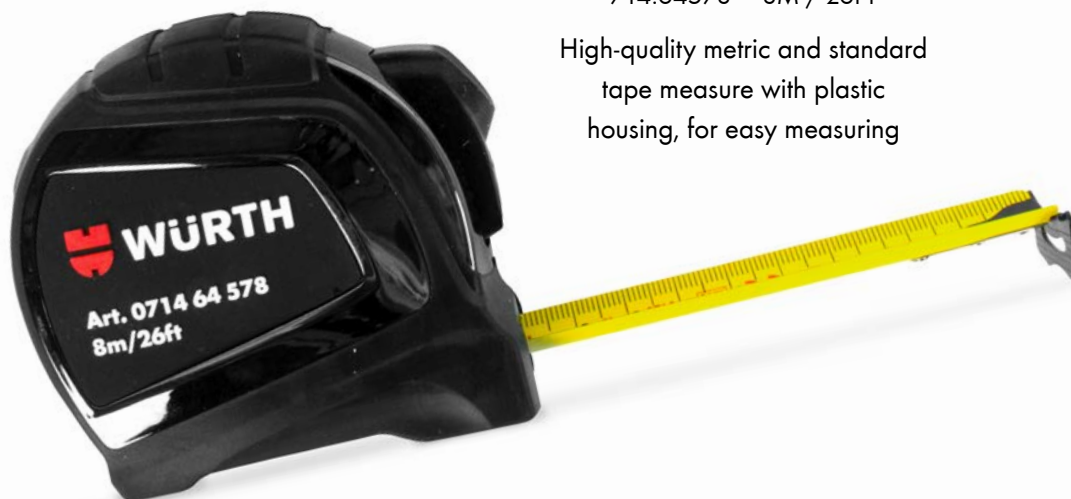

- Hard-coated, polycarbonate lens
- Integrated nose piece
- Economical wrap-around unilens
- SEI CAN/CSA Z94.3-15 approved
- Exceeds ANSI Z87.1 high impact requirements
- CE EN166 approved

Measuring Tape

714.64578 • 8M / 26FT

High-quality metric and standard tape measure with plastic housing, for easy measuring

LASER RANGE FINDER WDM3-12

Max Range 80m

570.9300508

High-Precision Laser Distance Measuring Unit. Accuracy ± 1.0 mm (1/32"). Range 80 m (260ft). Large illuminated display for excellent legibility.

7 different
colours
available!

Brite-mark Permanent Paint Marker

825.8400...

Excellent for identifying inventory, assemblies, tools, finished products or works-in-progress. Marks metal, rubber, plastic, glass, concrete, leather, stone, wood, vinyl and more.

Light Spirit Level

714.6442... • 30cm - 200cm

For excellent readability and long service life. Stable rectangular profile with smooth lateral surfaces.

SPRAY PAINT

INVERTED TIP MARKING PAINT

893.1993...    

Fast drying. Non-clogging. Vivid lines. Safe on grass. Easy to aim with low over-spray. Meets APWA standard colours (American Public Works Association). Customizable cap allows use without removal

Hammer Drill Bit Plus

648...

For use in concrete, masonry and natural stone. The new fast and durable carbide tip provides aggressive, easy centering and fast drilling from the very start. Steel reinforcement no longer presents a problem

ThunderBit® Drill Index

627.100 • 29 pcs

Drill bits made of premium high speed steel coated with a black and bronze oxide.

Mounting

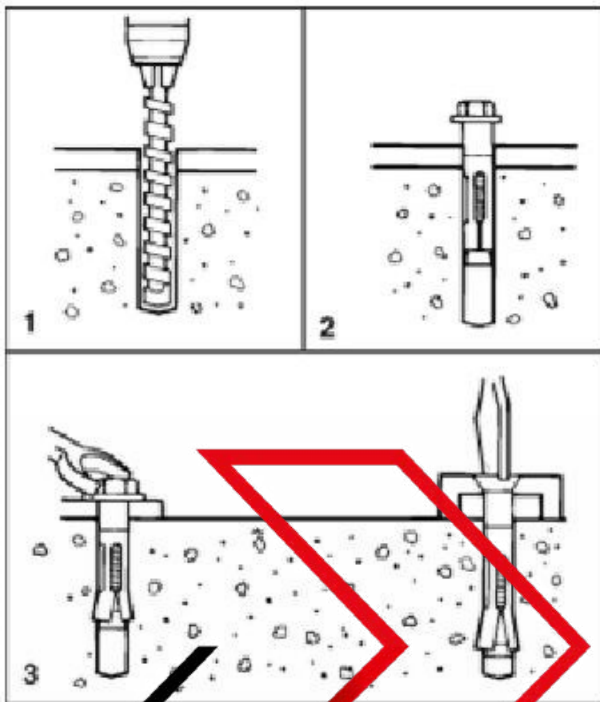

Pan Head Robertson® Sheet Metal Screw Assortment

965.102 • 1250 pcs

Steel, zinc-plated Type 'A'

Contents (1250 Pieces):

16 assorted sizes,
size range #6 - #14

Sleeve Anchors

904.171...

Carbon Steel. Clear Zinc Plated. Length of sleeve makes anchor more forgiving than a wedge anchor and induces less stress on the substrate. Can be used in solid or hollow masonry. Works in any depth hole. Required hole diameter equals anchor diameter. Supplied assembled with 3 head styles options.

Material Processing & Tools

1/4" Multi-socket Wrench Assortment

965.01434 • 34 pcs

One set for almost any job, 34 pcs. The multiple profile is suitable for the five most common screw head drives (hexagon metric, square metric, bi-hex metric, hexagon inch, TX head).

Square Screwdriver Set

613.43910 • 4 pcs

2K Handle for comfort. Colour coded tips

Slotted, Ph Screwdriver Assortment

965.905501 • 8 pcs

Number of pieces in assortment/set – 8pcs. Size foam section - 4.4.1. Width x height x depth - 231 x 38 x 335 mm. Décor - Carbon appearance

Multi-socket Wrench Assortment Mini

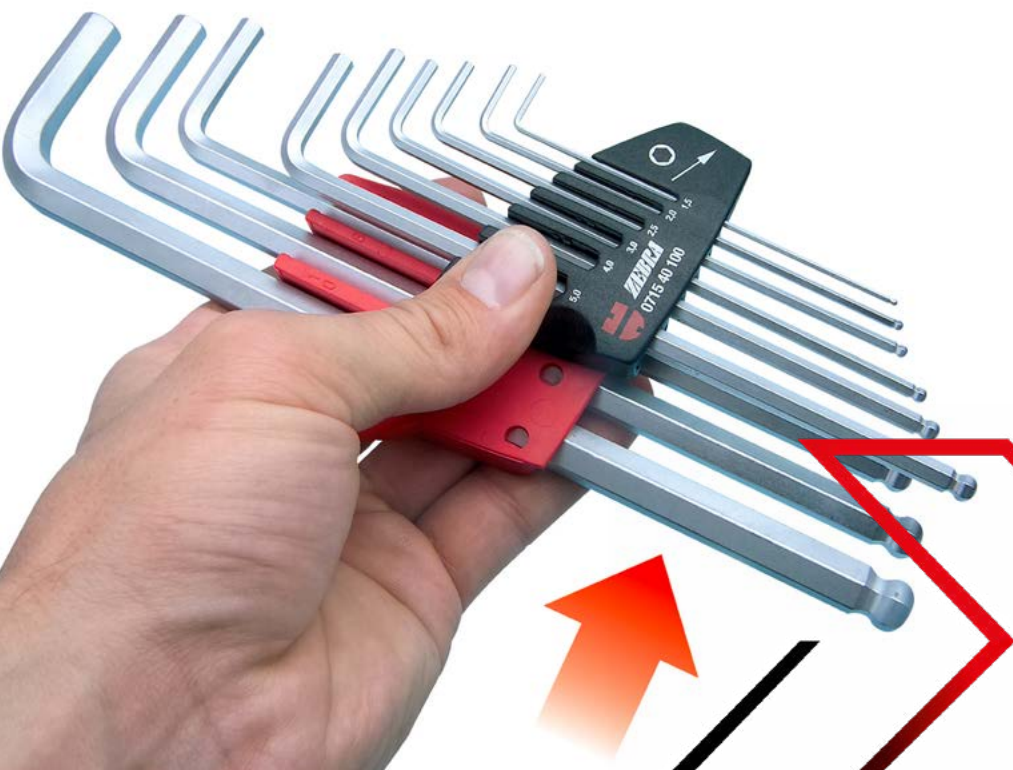

965.1123 • 23 pcs

Compact special tool with bit ratchet, multi-socket wrench and adapter. The multi profile is suitable for the five most common screw head drives (hexagon metric, square metric, bi-hex metric, hexagon inch, external TX).

Allen Key Hex Sliding Set Ball Head

715.40100 • 9 pcs

9 extra-long Allen keys (one-sided ball head) in plastic holder with sliding function. Plastic holder with sliding function for one-handed opening of the holder. Allen keys with an angle of max. 25°.

Longwing Butterfly Allen-hex-ball Head Set

715.4050 • 9 pcs

Ball head, extra-long version, in plastic holder. Easy removal of Allen keys – the rotation of one key, turns all other keys in the same direction.

2K BREAK OFF BLADE KNIFE

715.66274 • 9 mm

High quality 2-component handle and blade slide. Extremely rugged stainless-steel blade guide. Automatic blade locking up to a pressure load of 12 kg.

Break-off Blades

715.66073

Anti-fatigue **Kneeling Mat**

899.500250

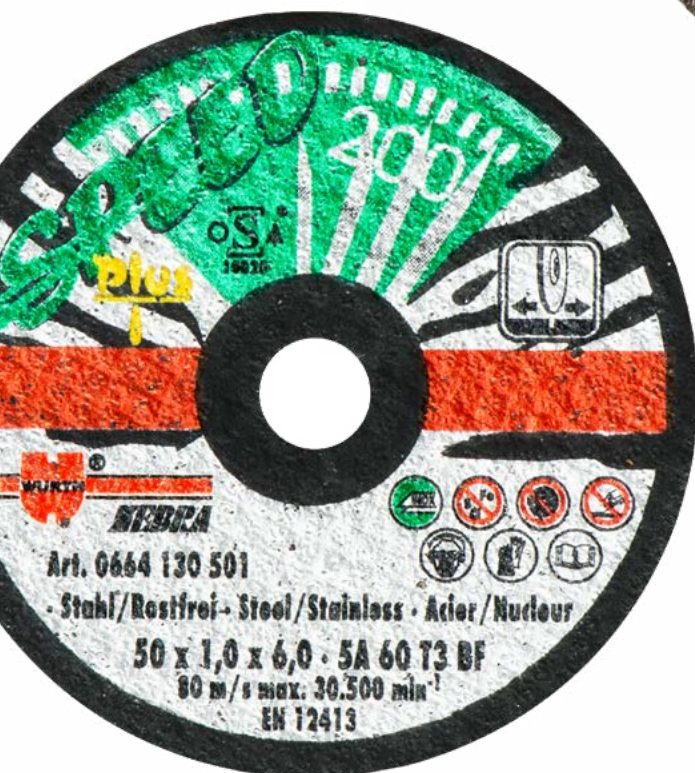

Memory foam kneeling mat to reduce fatigue in knees and lower back. 1" heavy duty closed-cell foam rubber. Soft alternative to a plastic sheet. Non-absorbing material. Lightweight, with built-in carrying handle

BOSCH ANGLE GRINDER

008.1821

Powerful & durable for the most demanding jobs. Compact and lightweight. Vibration control handle reduces vibration up to 60%. Rear handle trigger with lock-on/off switch for extended use applications. Sealed switch keeps debris out of the switch mechanism. Adjustable guard. Epoxy coated field windings

Speed Cut Off Wheel

664.011...

Super thin: The thinnest of the cut off wheels. Especially for cutting thin sheets, e.g. on vehicle bodies, thin-walled pipes, profiles and other thin-walled materials of steel and stainless steel.

Jig Saw Blade

615.25010 •

82/57 X 1.0 mm

No matter how good and easy-cutting a jig saw blade may be, it is constantly exposed to high mechanical and thermal loads that reduce its lifespan.

'XTREME CUT'

CUT OFF DISC

664.631253 • 5"

High-tech cutting disc for
Extreme Cutting
ability & versatility demands
with high safety margin

Up to
50% more CUTS
possible in comparison to
comparable qualities, thanks to the
unique new production process

STL SSSL

Longlife Cut Off Wheel

670.101... • Steel

High quality construction results in an
extremely long service life and the
highest resistance to disc failure

Longlife Cut Off Wheel

670.121... • Aluminum/Non Ferrous

Metal sheets, copper pipes, extruded
aluminum, various profiles, etc.
Resists loading on soft metals

Wire Rope

525.5000512 • 150 m

Wire rope on lightweight plastic reels.

- Cross-section 7x7
- Fast, tool-free installation using the wire rope holder
- Cradle to Cradle® certified

Wire Rope Holder

525.5000501 • 30 pcs

Self-locking wire rope holder for quick installation without tools.

Quick Link 1/8"

173.503402

1/4" Angled 90 Degree **Die Grinder**

703.00875

- Positive Grip - 1/4" capacity collet chuck
- Lever throttle for variable speed control
- Compact and lightweight design
- Front exhaust

Hand-held Rivet Pliers **ZEBRA** With Long Chuck

915.11

Universal, hand-held steel riveting pliers with exchangeable mouth pieces for the installation of commercial rivets made of aluminum, copper, steel and stainless steel

- Diameters of 4.0mm and 4.8mm
- Requires low exertion of force in case of short lever distance
- Particularly well-suited for hollow profiles
