SOLAR

Welding Helmets

SOLAR
Welding Helmet
984.700200

SOLAR PLUS
Welding Helmet
984.700620

Auto-Darkening welding helmets are designed to protect the eye and face from sparks, spatter and harmful radiation under normal welding conditions.

Auto-Darkening filter automatically changes from a light state to a dark state when an arc is struck, and it returns to the light state when welding stops.

Light weight, so it's very comfortable to wear.

Applications:

Sticking welding (DC & AC),
TIG (DC, DC Pulse), TIG AC
(Pulse), MIG/MAG Pulse,
Plasma Cutting/Welding.

Spare Parts:

Front Lens - 984.700201
Inner Lens - 984.700202
Sweatband - 984.700621
Head Gear - 984.700622

RIGEL Welding Safety Glasses

● 899.100007 / ● 899.100008

Stylish safety glasses that are best suited for welding applications.

● **3.0 IR Filter:** commonly used around welding sites or for light brazing or cutting.

● **5.0 IR Filter:** commonly used around welding sites or for medium to heavy cutting and medium to heavy gas welding.

Offers a clear panoramic view without obstruction

CHANGE YOUR **PERSPECTIVE**

NOVA FOAM LINED

899.103218 / 899.103220

Comfortable and lightweight safety glasses with **integrated foam padding** to limit eye exposure to dust particles.

Removable, flame resistant foam padding helps limit eye exposure to dust and particles while providing additional cushioning

Slim co-injected temples for snug, secure fit

AXIS 899.10321...

Sporty dual lens style with wide temples provides full eye protection and is suitable for both working environments and sport activities.

TRENDUS 899.10313...

Economical lightweight safety glasses that offer superior protection!

ELEMENT 899.10321...

Premium protection and style on the lightest safety glasses available!

Safety Standards Key

-  **Clear:** General purpose for indoor applications that require impact protection.
-  **Grey:** Offers protection from excessive glare. Commonly used in outdoor applications.
-  **Indoor/Outdoor Mirror:** Clear UV400 polycarbonate lens provides 100% protection from harmful UV-A and UV-B rays. Coated with a light gold mirror finish to reduce glare. Commonly used where it is required to move between indoor applications to outdoor applications. Loading docks, forklift drivers, and/or construction.
-  **Ice Blue Mirror:** Provides protection from harmful UV rays and brightness. Outdoor applications.
-  **Anti-Fatigue Blue:** Commonly used in indoor applications where there is an excessive amount of yellow light. Reduces eye strain and fatigue.
-  **Amber:** Increases contrast in low light environments. Reduces haze from blue lighting.
-  **Filter Shade Green:** Reduces ultraviolet, visible and infrared radiation. Commonly used during welding applications.
-  **Anti-Fog:** Anti-fog prevents lens from fogging, allowing vision to remain optically clear in any environment.
-  **Scratch Resistant:** Hard coated polycarbonate provides superior impact and scratch resistance.
-  **Bifocal Lens (Readers):** Magnifiers molded directly into the lenses ± 1.5 , ± 2.0 , ± 2.5 .

Indoor Applications

Outdoor Applications

BARRACUDA

Safety Goggle and Shield

899.103222 • Clear, Anti-Fog

Soft vinyl goggle body conforms to facial contours

4 ventilation holes provide appropriate airflow

Removable and adjustable polycarbonate face shield

Includes 2 disposable **tear-off shield covers**

Goggle provides protection against dust and chemical splash

Scratch resistant polycarbonate lens provides 99% UVA/B/C protection

Polycarbonate shield conforms to the face offering increased impact and dust protection

Fits over prescription glasses!

Safety glasses must be CSA approved for impact resistance as outlined in the CSA Standards Z94.3-15 in order to be sold or used in Canada.

SPARK

BREATHE FREELY

Professional Respirator Kit

Medium • 899.089290

Large • 899.089390

All-in-one respirator kit that includes our Professional Series Half-Mask Respirator (silicone) and 4 P100 Pancake Filters.

Heavy duty adjustable head straps for **comfort and safety**

Silicone half mask provides **greater softness, comfort and durability**

Replaceable particulate filters

Signature Series Half-Mask Respirator

Medium - 899.871483 / Large - 899.871484

Soft, lightweight elastomeric (TPE) half face piece. Exhalation valve helps make breathing easier and offers cooler and drier use.

Professional Series Pro-Step Respirator Kit

Medium - 899.089291 / Large - 899.089391

All-in-one respirator kit that is NIOSH OV/P95 approved for Organic Vapours plus solid and oil aerosols.

Professional Series Half-Mask Respirator

Medium - 899.879250 / Large - 899.879350

Soft, silicone rubber for the highest level of comfort and durability. Bonus hygiene guard included for clean storage and ultimate protection.

OUR DISPOSABLE RESPIRATORS

These masks are designed to provide comfortable and reliable worker respiratory protection against certain non-oil based particles.

**N95 Disposable
Particulate Respirator**
899.081730 - 20/BX

**N95 Disposable
Particulate Respirator**
899.081740 - 10/BX

**N95 Disposable
Particulate Respirator
with OV/AG
Nuisance Relief**
899.081745 - 10/BX

Helps provide comfortable protection against certain oil and non-oil based particles - including those with nuisance levels of organic vapours/acid gases.

Full Face Respirator

899.899002 • O/S

- Comfortable elastomeric material
- Wraparound lens for excellent field of vision
- Full size nose cup reduces lens fogging
- Easy-to-adjust head straps
- Can be disassembled, cleaned and reused
- Exhalation valve helps make breathing easier and offers cooler and drier use

ASK AN EXPERT

ADRIAN VARILLA
PPE & SAFETY MANAGER

Dust Mask vs. Respirators

Can you tell the difference?

Dust masks are **not** NIOSH approved disposable filtering face pieces. They can be worn for comfort against non-toxic nuisance dusts during activities like mowing, gardening, sweeping and dusting. These masks are not respirators and do not offer protection against hazardous dusts, gases or vapours. Dust masks can easily be confused with **NIOSH Approved N-95** respirators.

How can you tell the difference?

Look for a NIOSH label printed on the box and/or mask. Also the use of the word "respirator" on the box may indicate it is a NIOSH approved respirator.

What Are The Benefits of Disposable Nitrile Gloves?

They provide a stronger barrier of protection and offer greater chemical resistance.

Wurth Nitrile Gloves are latex-free, so anyone with a latex allergy can work safely and comfortably.

A lower resistance to friction makes nitrile gloves, easier to dispose.

Wurth Nitrile conforms to the shape of your hand, providing a snug and comfortable fit.

Nitrile gloves are highly puncture resistant – three to five times more so than latex.

Softflex Foam Nitrile Gloves

899.40106.../899.40107...

Sizes: 8-11 • Qty: 12/PK

Water based PU and foam nitrile with a sandy finish for extremely good grip and dexterity!

- Especially suited for handling wet items
- High oil resistance due to special nitrile coating
- Water-based PU and NBR (nitrile) foam-coated palms

One of our top selling gloves!

Keeps work shops clean & tidy

All of our spill protection products are environmentally-friendly

Prevents lost time on the job due to injuries involving hazardous slips

THERE WHEN YOU NEED IT.

WURTH **AID**

ASK AN **EXPERT**

ADRIAN VARILLA
PPE & SAFETY MANAGER

WURTH **AID** = **ORSY** (ORGANIZATION SYSTEM)

We supply first aid kits and supplies specifically designed for your business, to keep you and your employees safe and to ensure regulatory compliance.

Not sure how to manage your first aid kits? Let one of our sales representatives do it for you. At Würth Canada, we become responsible for your first aid requirements. One of our sales representatives will keep your First Aid Kit(s) organized, clean and fully stocked. **Enjoy WURTH AID!**

One of our talented reps will schedule regular maintenance calls for you and your first aid kits to meet the safety requirements of your business – **at no additional cost.** Our first aid kits are customized to fit your unique needs so you can enjoy the peace of mind that comes from knowing your workplace is ready to handle all your first aid needs. **Quality meets Service.**

You purchase only what you need, when you need it. You pay only for the products and nothing else. We will prevent you from overstocking the first aid kits, with regular maintenance and monitoring. **Your first aid kits and supplies will be replenished only when needed and after your approval.**

OUR FIRST AID KITS

We offer a wide range of Federal and Provincial First Aid Kits including truck specific kits! We also offer some kits in plastic cases and some kits in metal.

AVAILABLE ACROSS CANADA

We offer first aid kits that meet the requirements of provincial and federal OSHA regulations, including Ontario, BC, Quebec, Alberta, Saskatchewan, Nova Scotia, Newfoundland, Manitoba, Newbruswick and PEI.

Need help making a selection? Ask your Sales Representative for more information.
