

IT'S THE SEASON! WÜRTH WIPER BLADES

GIVING OUR CUSTOMERS A BETTER "VIEW"

PASSENGER CAR WINDSHIELD WIPERS

Conventional Wiper Blades

- Strong anti-corrosion finish
- Stainless steel rail spring gives even pressure across the blade
- Air spoiler function through aerodynamic design reduces wind lift - requires correct directional installation
- Stainless steel riveted joints reduce chattering and joint friction and improve durability
- Molded natural rubber with graphite coating, OEM quality
- Quiet, efficient, long-life
- Low noise
- Multi-adaptor pre-installed

Length in mm	Length in inches	Art. No.
330	13	848.070325
355	14	848.070350
381	15	848.070380
406	16	848.070400
425	17	848.070425
